Preliminary Agenda

QA|WARE

Date	3. Hour	4. Hour	Lecturer
10.10.2024	Introduction	Exercise: Setup: IDE / JDK / Installation of Git	F. Wimmer & L. Buchner
17.10.2024	Communication	Exercise: Communication	L. Buchner
24.10.2024	Virtualization	Exercise: Virtualization	F. Wimmer
31.10.2024	Provisioning	Exercise: Provisioning	F. Wimmer
07.11.2024	IaaS	Exercise: IaaS	L. Buchner
14.11.2024	Cloud Native Architecture	Exercise: Cloud Native Architecture	F. Wimmer
21.11.2024	Cluster Orchestration	Exercise: Cluster Orchestration	F. Wimmer
28.11.2024	Service Meshes	Exercise: Service Meshes	L. Buchner
05.12.2024	Serverless	Exercise: Serverless	L. Buchner
12.12.2024	PaaS & Continuous Delivery	Exercise: PaaS & Continuous Delivery	L. Buchner
19.12.2024	Observability	Exercise: Observability	F. Wimmer
26.12.2024	Winter Holidays		
02.01.2025	Winter Holidays		
09.01.2025	Cloud Runtimes	Exercise: Cloud Runtimes	L. Buchner
16.01.2025	Summary		F. Wimmer & L. Buchner
23.01.2025	Exam		F. Wimmer & L. Buchner

Lecture und exercises

QA|WARE

Lecture (Room: B0.07)

- The lecture is open source and the slides, exercise sheets and exercise code (templates and solutions) can be found on Github:
<https://github.com/qaware/cloud-computing-th-rosenheim>
- For questions about the lecture: franz.wimmer@qaware.de

Exercises (Room: B0.07)

- The exercises can preferably be done on your own computer, provided that a good internet connection can be established.
- Prerequisite: **The software required for the exercises will be installed before the exercises.** The software requirements can be found here:
<https://github.com/qaware/cloud-computing-th-rosenheim>

Exam

QA|WARE

- The exam will take place in the last lecture hour on January 25, 2024.
- It is a written exam, lasts 90 minutes and no documents are allowed for it..
